## Meeting summary for Week 2 - Meeting on Privacy Audit (04/15/2025)

### Quick recap

Richard discussed his upcoming trip to Minneapolis and Clear Lake, while also addressing the team's progress on a project involving a matrix and individual analyses. The team also discussed the challenges of combining different companies for their project, their recent performance on a task, and the size of Minneapolis and Nashville. Lastly, they planned to finish their individual analysis, merge it into a comprehensive document, and continue with their ongoing project.

### Next steps

- Richard to finish his matrix and create a Word document similar to Hector's.
- Isaiah to work on his individual analysis.
- Hector to continue working on the project Google Doc.
- All team members to summarize their individual analyses into subheadings in the final document.
- All team members to contribute to the key findings, compliance assessment, and recommendations sections based on their individual analyses.
- All team members to complete Steps 5 and 6 of the group project (regulatory comparison and comparative analysis).
- Richard to send a summary of the meeting to Karson.
- Isaiah to keep the team updated on his availability for a potential meeting tomorrow night.
- All team members to work on merging their individual analyses into a cohesive final report.

---

### Summary

#### Upcoming Trip and Hand Injury

Richard discussed his upcoming trip to Minneapolis and Clear Lake, where he will attend a client dinner. He mentioned that he will be driving back to Minneapolis and flying home on Thursday. Isaiah shared that he had bruised his hand badly but was grateful it wasn't broken. He also mentioned that he would not be going mountain hiking until the semester

broken. He also mentioned that he would not be going mountain biking until the semester was over. The team expressed their understanding of the current stressful situation.

### **Project 6 Matrix Progress Update**

Richard, Hector, and Isaiah discuss their progress on a project involving a matrix and individual analyses. Richard has followed Hector's lead, using ChatGPT to gather information for his companies. Hector has created a Word document and Excel spreadsheet for his individual analysis, which he has uploaded to GitHub. Isaiah acknowledges seeing the work but hasn't started yet. They clarify that it's Project 6, not 5, and Hector mentions using the same outline as before.

### **Combining Companies for Project Challenges**

The team discussed the challenges of combining different companies for their project. They considered focusing on a few services per person and then merging their findings. The final report was due the next day, and they planned to work on it together, possibly by 10 PM. They agreed to analyze their services separately and then combine their findings for a comprehensive report.

### **Performance Review and Dinner Plans**

Richard, Isaiah, and Hector discussed their recent performance on a task, with Richard expressing openness to suggestions and mentioning a 60 score. They also discussed a grading system, with Richard noting that some submissions hadn't been graded yet. Richard then shared plans for a dinner at an Argentinian steakhouse, which sparked envy from Isaiah.

### **Minneapolis and Nashville Population Discussion**

Richard, Hector, and Isaiah discussed the size of Minneapolis and Nashville, with Richard confirming that Minneapolis is slightly smaller. They also talked about the Twin Cities, with Isaiah suggesting that the combined population of Minneapolis and Saint Paul might make it larger than Nashville. Richard then shared that he was staying close to the airport in Minneapolis and was near the famous Mall of America. The conversation briefly veered off topic before returning to the main discussion.

### **Team Plans Comprehensive Analysis**

The team discussed their plan to finish their individual analysis and merge it into a comprehensive document. They agreed to label their work with initials and create subheadings. The team also decided to work on key findings, compliance assessment, and recommendations for improvement. They planned to create a cohesive analysis once their data is on the final document. The team also discussed the regulatory comparison and comparative analysis as part of their project.

### **Project Update and Scheduling Discussion**

Richard, Hector, and Isaiah discussed their ongoing project. Richard mentioned he would send a summary to Karson, who missed the meeting. They also discussed their schedules for the next day, with Richard potentially not being able to meet before 7 or 8, and Isaiah having a conference and an uncertain schedule. They agreed to keep each other updated and continue with their project.
